QUESTIONS TO ASK YOUR DOCTOR

☑ How common are my symptoms?
☑ What could this be a sign of?
☑ What can you do to figure out what is going on with my heart?
☑ Do you think my heart should be monitored continuously to figure out what is going on?
☑ How long will I need to use a heart monitor?
☑ How will a heart monitor impact my daily life?
☑ Do I need to do anything to be monitored?  How difficult are the monitors to use?
